

1 in 4 of your employees are currently battling substance addiction

The problem is compounded due to the pandemic, and the fallout will be felt for years to come because fewer than 8% have access to effective treatment. **We will help you fix that.**

Many have more than one addiction

18%

of smokers have an opioid use disorder

70%

of those with an alcohol use disorder are also addicted to tobacco

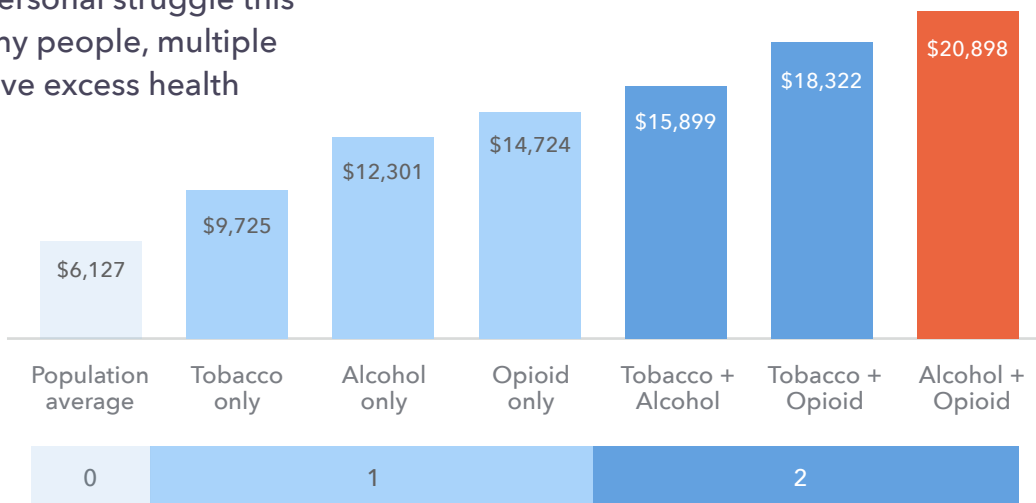

22%

of workers with an opioid use disorder are also addicted to alcohol

Beyond the personal struggle this causes so many people, multiple addictions drive excess health claims spend

Annual cost per person

Number of conditions
