

PBGH 2021
STEWARDSHIP

PBGH COVID Preparation

The Pittsburgh Business Group on Health (PBGH) is working in accordance with the health and safety practices as issued by local and state health authorities, including the venue, and the Centers for Disease Control (CDC). As new developments arise over the coming weeks, the approach will continue to adapt and we will keep the community informed of any changes.

- **PBGH will not require the use of face masks for fully vaccinated attendees.**
- **PBGH encourages all attendees to act in the best interests of their own well-being.**
- **PBGH will encourage frequent hand washing, sanitizing and social distancing when necessary.**
- **Hand sanitizer stations will be placed throughout the conference floor and in common areas.**
- **High-touch areas will be regularly cleaned and sanitized.**
- **Masks are currently required on airplanes, and may be required on hotel shuttles and other forms of public transportation traveling into and within transportation hubs to the event.**

By registering to attend the PBGH Symposium, you are consenting you will comply with any protocols that are made by PBGH, the venue, local health officials and/or the CDC. Requirements for onsite attendance will be communicated before the start of the conference.
