Atlanta, GA 30327

Email: carl@mitigatepartners.com

Office: (404) 941-5519

Web: www.mitigatepartners.com

As Co-Founder and Managing Principal of [Mitigate Partners](http://MitigatePartners.com), a risk management, cost containment and employee benefits consulting firm, Carl Schuessler leads a consortium of 30+ employee benefit consulting and brokerage firms. Carl brings more than 30 years of experience in benefits consulting and financial services to the field and pioneered the fiduciary approach to benefits advisory services. His passion for fixing the problem of runaway health-care costs in this country and his desire to treat the employer's money as his own led him through years of research culminating in the development of his proprietary [FairCo\\$t Health Plan](http://FairCo$tHealthPlan.com). This innovative plan design seamlessly integrates 20+ cost containment solutions with a high-performance health-care solutions platform. This combination provides first-class benefits at substantially lower costs to employers all while realizing better clinical outcomes for plan members. A founding Health Rosetta Charter Certified Advisor, Carl and Mitigate Partners have been nationally recognized for their work in creating localized, employer-built, health-care plans in [Forbes](http://Forbes.com), [Entrepreneur](http://Entrepreneur.com), [Innovation & Tech Today](http://Innovation&TechToday.com), [Physician Outlook Magazine](http://PhysicianOutlookMagazine.com), [Free Market Medical Association](http://FreeMarketMedicalAssociation.com), and [Bold TV](http://BoldTV.com). By removing misaligned incentives, directing care based on quality and cost, and, ultimately, helping courageous employers fix their plans, companies are saving 15-to-30 percent in their healthcare spend. An accomplished speaker, Carl often rallies audiences with stories of how Mitigate Partners are challenging Wall Street (insurer-built) health plans by creating Main Street (employer-built) health plans and bending the healthcare cost curve.

Level of Education: B.B.A. - Risk Management, Insurance and Estate Management – University of Georgia

Family/Interests: Native of Macon, Georgia, moved to Atlanta in 1989, and resides there with his wife, Missy and their three children, Mary May (22), Carl III (21) and Hattie (18). He enjoys children's activities (coached 43 of his children's teams), fly fishing, golfing, hiking, and hunting.
